## **GERMfighter**<sup>TM</sup>

sanitizing & cleaning solutions

INTRODUCING **GERMfighter** sanitizing spray system, a less toxic but powerful green cleaning technology in a user friendly storage, auto dispensing sprayer & easy refill station.

At the core of the GERMfighter system is a sustainable **solid tablet**, when mixed with tap water, produces the remarkable cleaning agent called **HOCL** (hypochlorous acid). Widely known as *nature's germ fighter*, this versatile cleaner can be used in a range of application as a **no-rinse food surface sanitizer** on up to a hospital grade disinfectant when applied in increasing levels of concentration, ranging from 100 to 4300 ppm.

**HOCL**  
*Nature's Germ Fighter*

Protecting working environments and people from harmful pathogens has never been easier, greener or more...timely.

- 32 oz battery powered, auto sprayer
- EZ spigot refill system - 2.5 gal jug
- Sustainable tablet format, add water
- Safe **HOCL** formula multi-surface, pH neutral sanitizer & disinfectant cleaner
- Concentrations from 100 - 4300 ppm
- NSF D2 Certified - food surface safe
- EPA Reg. No. 71847-6-91524
