

FOGfighterTM

probiotic drain & grease trap treatment

FOGfighter probiotic drain & grease trap treatment naturally degrades and digests **Fats, Oils & Grease** (FOG) in commercial kitchen drains lines. It aids grease traps performance and helps improve a facility's effluent wastewater.

FOGfighter is a powerful **bio-active** microbial formula that breaks down long chain fatty acids, rendered unable to reform or clog drains lines. Safe for all plumbing fixtures & the environment.

FOGfighter - Benefits:

- **REMEDIATES** organic build up in drain lines with bio-active microbes
- **PREVENTS** emergency drain line issues caused by excessive FOG clogs
- **REDUCES** foul odors and drain flies with breakdown of inline organics
- **EXTENDS** grease trap cleaning intervals by reducing grease overloading
- **IMPROVES** **FOG, TSS & BOD** in effluent for better wastewater quality

FOGfighterTM *keeps your kitchen drains flowing*

FOGfighter

Specifications

Guaranteed Minimum Bacterial Concentration

2 Billion CFU/ml

PRODUCT PROFILE

Applications

- Grease traps / Interceptors
- Drain maintenance
- Lift Stations
- Collection Systems

Multiple *Bacillus* Species

- Naturally occurring, non-engineered
- Aerobes and facultative anaerobes
- Highly motile
- Positive chemotaxis
- 100% stabilized bacterial spores

Bacterial Enzyme Production

Amylase, Protease, Lipase, Esterase, Urease, Cellulase, Xylanase

Appearance

Blue Liquid or Green Slow Dissolve Block

Effective pH Range

4.25 – 10.0

Effective Temperature Range

5°C – 55°C (40°F – 130°F)

Shelf Life

One year at 21°C (70°F)

STANDARD PACKAGING

Available RTU & 10X Liquid or BioBlocks:

- 16, 32 & 64 oz - 10X Concentrate
- 1 Gallon Jug - RTU
- 2.5 Gallon Jugs - RTU
- 5 Gallon Pail - RTU
- 1, 2, 5, & 10 lb Slow Dissolve FOG Blocks

STORAGE AND HANDLING

Store in a cool, dry location.
Do not freeze
Wash thoroughly with water if exposed to skin or eyes

FORMULATION GUIDELINES (Liquid)

Mix thoroughly prior to dosing. For optimum performance, use EBtech's **FOGfighter** with an automatic metered dosing system.

Recommended Liquid Dosage & Block Size

Grease Trap Capacity/Daily Dose or Block
15-100 Gallons / 10-15 ounces, 1-lb block
100-500 Gallons / 15-25 ounces, 2-lb block
500-1000 Gallons / 25-30 ounces, 5-lb block
1000+ Gallons / 30+ ounces, 10-lb block
