

SANO *service*TM

INTRODUCING **SANOservice** from EarthBio, a comprehensive non-toxic sanitizing service for all surface areas in your facility. We use innovative green technologies to remediate environmental challenges to help protect all staff, customers and guests.

We offer a 3-step service for sanitizing indoor and outdoor spaces with safe HOCL solution, long-lasting bio-static technology and mobile spraying with organic aqueous ozone.

We offer time-based, affordable programs that work in a budget to create a safe environment.

- *Time-based service*
- *Long-lasting surface protection*
- *Non-toxic HOCL*
- *Electro-static fogging*
- *Scheduled service plans available.*
