

# DrainShot™

## Biological Treatment for SUGARS

DrainShot **SGR** is a proven probiotic treatment to bio-remediate SUGARS in SODA, BAR & BEVERAGE drain lines. The SGR Bio formula is the preventive maintenance tool for fewer problems, odor reduction & peace-of-mind.

**DrainShot Bio Treatments** deliver **SIMPLE** dosing accuracy & superior environmental **science**.

DrainShot Bio Treatments are proprietary probiotic formulas to treat ORGANICS in wastewater. The active microbes in SGR formula breakdown sugars; rendering them unable to reform or clog drains. DrainShot Bio treatments are bio-based, non-toxic, safe for plumbing, the environment and refill from concentrate.

- **REMEDiates** organic waste build up with high count microbial action
- **PREVENTS** sugar snakes from forming and clogging beverage drain lines
- **REDUCES** odors & drain flies by eliminating the organic source material
- **IMPROVES** effluent wastewater with safe, naturally occurring microbes

**DrainShot SGR...** helps keep bar drains flowing

# DrainShot™

## PRODUCT INFORMATION

### Formula Specifications:

**Guaranteed Minimum Bacterial Concentration**  
2 Billion CFU/ml

### PRODUCT PROFILE

#### Applications

- Soda, Bar & Beer drains
- Beverage lines (sugars)
- Coffee Bar & Ice Cream drains
- Any drain with high sugar content

#### Multiple *Bacillus* Species

- Naturally occurring, non-engineered
- Aerobes and facultative anaerobes
- Highly motile
- Positive chemotaxis
- 100% stabilized bacterial spores

#### Bacterial Enzyme Production

Amylase, Protease, Lipase, Esterase,  
Urease, Cellulase, Xylanase

#### Appearance

Orange Liquid Formula  
Citrus Fragrance

#### Effective pH Range

4.25 – 10.0

#### Effective Temperature Range

5°C – 55°C (40°F – 130°F)

#### Shelf Life

One year at 21°C (70°F)

### STANDARD PACKAGING

64oz | 1.9L  
RTU Liquid

### STORAGE AND HANDLING

Store in a cool, dry location.  
Do not freeze  
Wash thoroughly with water  
if exposed to skin or eyes.

### ***DIRECTIONS FOR USE:***

#### ***COMMERCIAL***

***Planned Maintenance:*** Apply 1-2 ounces per day directly into each drain.

***Slow Drains:*** Apply 3-4 ounces per day directly into each drain for 5 consecutive days or until drain flows freely.

*\*For best results, apply ZOOM Drain Bio during times of minimal water usage, i.e., end of night.*

Consult a EarthBio representative for dosing directions, SDS sheets or additional applications.
